

# Where can we live?

## Key

Water	70%	<input type="text"/>
Desert	6%	<input type="text"/>
Too cold	6%	<input type="text"/>
Mountains	5%	<input type="text"/>
Forest	5%	<input type="text"/>
Cannot grow food	5%	<input type="text"/>
Perfect for people	3%	<input type="text"/>
Total	100%	

## Your task:

Imagine the large square above is our earth and each little square represents 1% of the surface of the earth. Using the information given, colour the squares to indicate how much of the world is habitable.
